Safety and Supervision

The safety, well-being and happiness of all residential participants is our primary concern.

Every player will be carefully supervised 24 hours a day and will be expected, in return, to adhere to the residential 'Code of Conduct' (written details available on request).

All coaches are appropriately screened and are members of FACA (FA Coaches Association). All coaches are UEFA qualified (minimum UEFA 'B') and of the highest standard.

The Guarantee

Our aim is to produce a skilful player, that is, one who can respond intuitively to any given games situation with the highest technique — skill! While at the same time make the correct tactical decision with flair and imagination.

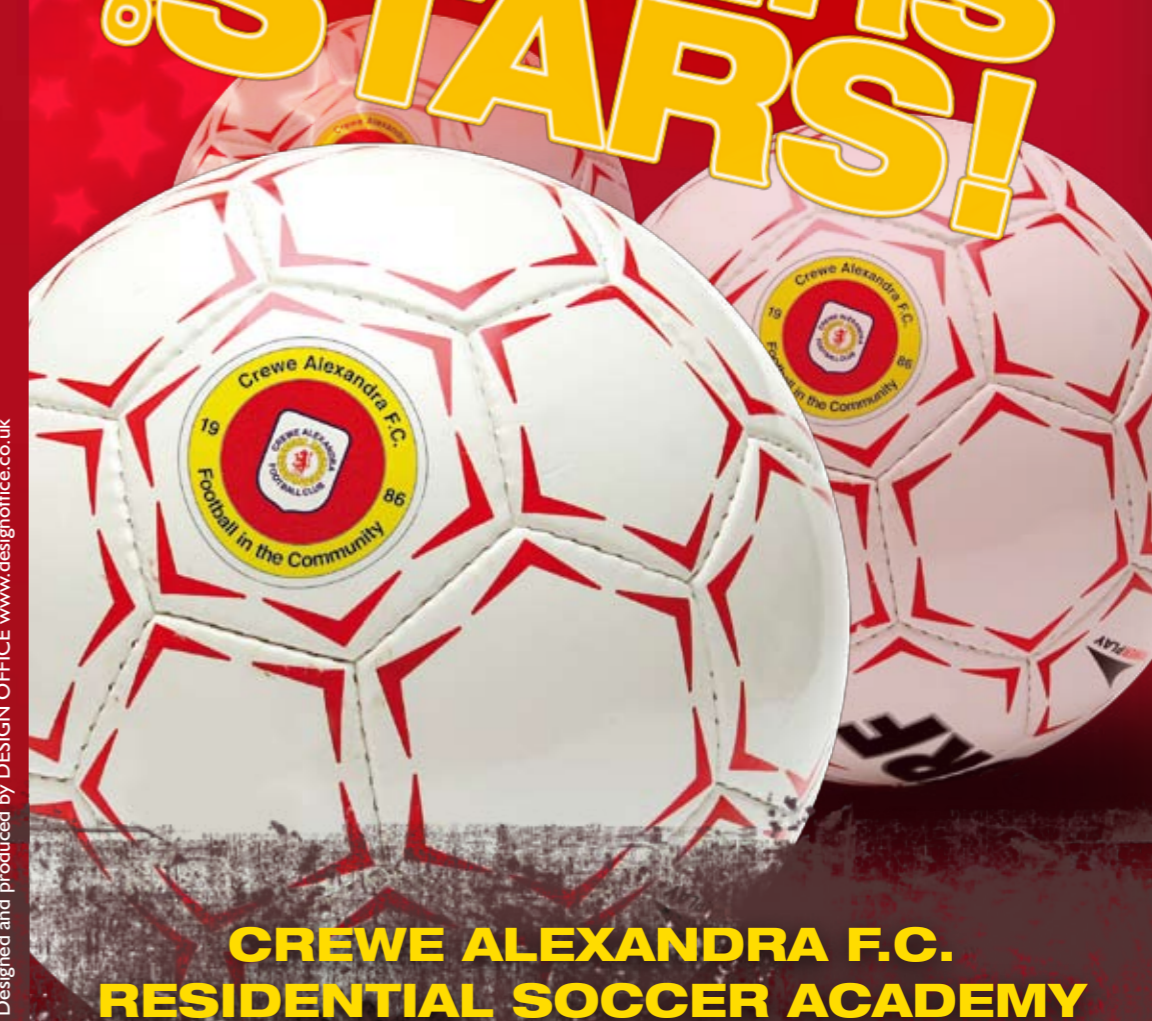

It would be presumptuous to think we can achieve all this within a week. What we do aim to do is to give you a clear understanding of where you are at the moment, where you should be and a method to get you to where you want to be.

Our whole intent is to help you reach your highest potential. We start you on the right path, set your dream in motion, fire up your imagination and leave you empowered to achieve your goal.
